IV FOSTER DEVELOPERS

BUILT FOR SUCCESS

Abu Dhabi

Abu Dhabi blends tradition and modernity with a waterside heritage that shapes life along its shores. It's a capital where cultural institutions, business hubs and calm waterfronts coexist, offering a steady rhythm for work and home life.

The city's mix of international appeal and local identity makes it a place people return to, and invest in because it simply works. This is where traditional craft and contemporary culture sit side by side: galleries and souks, cultural districts, and the Louvre Abu Dhabi, ceremonial places and quietly brilliant neighbourhood studios.

STYLED FOR SUSTENANCE

Al Reem Island

Al Reem Island is a waterscape neighbourhood designed for life by the water. Think biophilic accents, walkable edges and views that draw the outside in, canals, landscaped promenades and pockets of green that calm the day.

It's an island that balances urban convenience with a softer pace, making it a natural stage for residential projects that value wellbeing. This is the setting where Marafid finds its home a place fostered for living.

MARAFID

FOSTERED FOR LIVING

Welcome to a lifestyle that feels like a breath of fresh air. Marafid at Al Reem Island fosters well being through human-centred design, generous apartments and a hospitality-first amenity suite.

The collection includes apartments and duplexes, all wrapped around curated public areas and water-facing views. With five on-site retail units and prominent waterfront frontage on the canal, Marafid makes everyday living effortless, blissful mornings to energetic evenings and everything more..
